### SAFETY DATA SHEET PY SIGNAL GREY RAL7004 PIGMENT

#### FI SIGNAL GILLI IVALI VU4 FIGIVILINI Desculation (EC) No 4007/2006, Approx II as emended by Desculation (EU) N

According to Regulation (EC) No 1907/2006, Annex II, as amended by Regulation (EU) No 453/2010

SECTION 1: Identification of the substance/mixture and of the company/undertaking	
1.1. Product identifier	
Product name	PY SIGNAL GREY RAL7004 PIGMENT
Product number	WS20657A
1.2. Relevant identified uses of the substance or mixture and uses advised against	
Identified uses	COLOURING OF POLYESTER RESINS & GELCOATS.
1.3. Details of the supplier of the safety data sheet	
Supplier	WEST AND SENIOR LIMITED. MILLTOWN STREET RADCLIFFE MANCHESTER. M26 1WE. TEL + 44 01617247131 FAX + 44 01617249519 info@westsenior.co.uk
1.4. Emergency telephone number	
Emergency telephone	24 HOUR EMERGENCY TELEPHONE NUMBER : + 44 (0) 7930 595916
SECTION 2: Hazards identification	
2.1. Classification of the sub	stance or mixture
Classification (EC 1272/2008	<u>3)</u>
Physical hazards	Not Classified
Health hazards	Not Classified
Environmental hazards	Not Classified
Environmental 2.2. Label elements	The product is not expected to be hazardous to the environment.
Hazard statements	NC Not Classified
Supplemental label information	EUH211 Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.
2.3. Other hazards	
This product does not contai	n any substances classified as PBT or vPvB.

This product does not contain any substances classified as PBT or vPvB.

### **SECTION 3: Composition/information on ingredients**

### 3.2. Mixtures

TITANIUM DIOXIDE		30-60%
CAS number: 13463-67-7	EC number: 236-675-5	REACH registration number: 01- 2119489379-17-0000
Classification Not Classified		
BARIUM SULPHATE		5-10%
CAS number: 7727-43-7	EC number: 231-784-4	REACH registration number: 01- 2119491274-35-0001
Classification Not Classified		
CARBON BLACK		1-5%
CAS number: 1333-86-4	EC number: 215-609-9	REACH registration number: 01- 2119384822-32-0000
Classification Not Classified		
The full text for all hazard sta	tements is displayed in Section 16.

Notes for the doctor	No specific recommendations.
SECTION 5: Firefighting meas	sures
5.1. Extinguishing media	
Suitable extinguishing media	The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
5.2. Special hazards arising from the substance or mixture	
Specific hazards	No unusual fire or explosion hazards noted.
Hazardous combustion products	Heating may generate flammable vapours. Vapours may form explosive mixtures with air.
5.3. Advice for firefighters	
Protective actions during firefighting	No specific firefighting precautions known.
Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.
SECTION 6: Accidental release	e measures
6.1. Personal precautions, pro	tective equipment and emergency procedures
Personal precautions	Avoid heat, flames and other sources of ignition. Provide adequate ventilation.
6.2. Environmental precaution	S
Environmental precautions	Avoid the spillage or runoff entering drains, sewers or watercourses.
6.3. Methods and material for	containment and cleaning up
Methods for cleaning up	Stop leak if possible without risk. Absorb in vermiculite, dry sand or earth and place into containers. Avoid the spillage or runoff entering drains, sewers or watercourses.
6.4. Reference to other section	
Reference to other sections	For waste disposal, see section 13.
SECTION 7: Handling and sto	rage
7.1. Precautions for safe hand	ling
Usage precautions	Wear suitable protective equipment for prolonged exposure and/or high concentrations of vapours, spray or mist. Take precautionary measures against static discharges. Contaminated rags and cloths must be put in fireproof containers for disposal.
7.2. Conditions for safe storag	e, including any incompatibilities
Storage precautions	Store in tightly-closed, original container in a dry, cool and well-ventilated place. Keep separate from food, feedstuffs, fertilisers and other sensitive material.
7.3. Specific end use(s)	
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.
SECTION 8: Exposure control	s/Personal protection
8.1. Control parameters Occupational exposure limits TITANIUM DIOXIDE

8.2. Exposure controls	

### Protective equipment

Appropriate engineering controls

No specific ventilation requirements.

Eye/face protection	Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. The following protection should be worn: Chemical splash goggles or face shield.
Hand protection	Chemical-resistant, impervious gloves complying with an approved standard should be worn if a risk assessment indicates skin contact is possible.
Other skin and body protection	Wear appropriate clothing to prevent any possibility of skin contact.
Hygiene measures	Do not smoke in work area. Wash at the end of each work shift and before eating, smoking and using the toilet. Wash promptly if skin becomes contaminated. Promptly remove any clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin.

### SECTION 9: Physical and chemical properties

9.1. Information on basic phys	ical and chemical properties
Appearance	Viscous liquid. or Coloured paste.
Colour	Various colours.
Odour	Aromatic.
Odour threshold	No information available.
рН	No information available.
Melting point	No information available.
Initial boiling point and range	No information available.
Flash point	>65°C
Evaporation rate	No information available.
Evaporation factor	No information available.
Flammability (solid, gas)	No information available.
Upper/lower flammability or explosive limits	No information available.
Other flammability	No information available.
Vapour pressure	No information available.
Vapour density	No information available.
Relative density	No information available.
Bulk density	No information available.
Solubility(ies)	Organic solvents. Insoluble in water.
Partition coefficient	Not available.
Auto-ignition temperature	No information available.
Decomposition Temperature	No information available.
Viscosity	No information available.
Explosive properties	No information available.
Explosive under the influence of a flame	Νο

Oxidising properties	Not available.
Comments	No information available.
9.2. Other information	
Other information	No information required.
SECTION 10: Stability and re	
10.1. Reactivity	acumy
Reactivity	There are no known reactivity hazards associated with this product.
10.2. Chemical stability	
Stability	Stable at normal ambient temperatures.
10.3. Possibility of hazardous	
Possibility of hazardous reactions	No potentially hazardous reactions known.
10.4. Conditions to avoid Conditions to avoid	Avoid excessive heat for prolonged periods of time. Avoid heat, flames and other sources of
	ignition.
10.5. Incompatible materials	
Materials to avoid	No information available.
10.6. Hazardous decompositi	on products
Hazardous decomposition	Thermal decomposition may lead to formation of a multiplicity of compounds some of which
products	may be hazardous. With incomplete combustion smoke and hazardous fumes and gases , including carbon monoxide, may be formed.
products SECTION 11: Toxicological ir	including carbon monoxide, may be formed.

Information on toxicolog Toxicological effects Acute toxicity - oral Notes (oral LD <sub>50</sub> ) Acute toxicity - dermal Notes (dermal LD <sub>50</sub> ) Acute toxicity - inhalation Notes (inhalation LC <sub>50</sub> ) Acute and chronic health hazards Toxicological information on i	including carbon monoxide, may be formed.

Summary	In vivo mutagenicity in rats occurs by mechanisms secondary to a threshold effect and is a consequence of "lung overload," which leads to chronic inflammation and the release of genotoxic oxygen species. This mechanism is considered to be a secondary genotoxic effect and, thus, carbon black itself would not be considered to be mutagenic.	
Genotoxicity - in	vitro Carbon black is not suitable to be tested directly in bacterial (Ames test) and other in vitro systems because of its insolubility. However, when organic solvent extracts of carbon black have been tested, results showed no mutagenic effects. Organic solvent extracts of carbon black can contain traces of polycyclic aromatic hydrocarbons (PAHs). A study to examine the bioavailability of these PAHs showed that they are very tightly bound to carbon black and are not bioavailable (Borm, 2005).	
Genotoxicity - in	vivo In an experimental investigation, mutational changes in the hprt ene were reported in alveolar epithelial cells in the rat following inhalation exposure to carbon black (Driscoll, 1997). This observation is considered to be rat-specific and a consequence of "lung overload," which leads to chronic inflammation and release of reactive oxygen species. This is considered to be a secondary genotoxic effect and, thus, carbon black itself would not be considered to be mutagenic.	
Carcinogenicity		
IARC carcinogen	icity IARC Group 2B Possibly carcinogenic to humans.	
SECTION 12: Ecological infor	mation	
Ecotoxicity	Not regarded as dangerous for the environment.	
12.1. Toxicity		
Toxicity	Not considered toxic to fish.	
12.2. Persistence and degrada	ability	
Persistence and degradability	There are no data on the degradability of this product.	
12.3. Bioaccumulative potentia	al	
Partition coefficient	Not available.	
12.4. Mobility in soil		
Mobility	No information available.	
12.5. Results of PBT and vPvB assessment		
Results of PBT and vPvB assessment	No information available.	
12.6. Other adverse effects		
Other adverse effects	None known.	
SECTION 13: Disposal consid	lerations	
13.1. Waste treatment method	ls	
Disposal methods	Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Empty containers should be taken to an approved waste handling site for recycling or disposal.	
SECTION 14: Transport inform	nation	

SECTION 14: Transport information

### General

The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).

### 14.1. UN number

Not applicable.

### 14.2. UN proper shipping name

Not applicable.

#### 14.3. Transport hazard class(es)

Not applicable.

### 14.4. Packing group

Not applicable.

### 14.5. Environmental hazards

Environmentally hazardous substance/marine pollutant No.

### 14.6. Special precautions for user

Not applicable.

### 14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

### Transport in bulk according to Not relevant. Annex II of MARPOL 73/78 and the IBC Code

### SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations	Control of Substances Hazardous to Health Regulations 2002 (as amended).
EU legislation	Commission Regulation (EU) 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments. Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 with amendments.
Guidance	A guide to local exhaust ventilation (LEV) HSG258 (as ammended) Workplace Exposure Limits EH40.

### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

SECTION 16: Other information	
Revision date	27/09/2021
Revision	28
Supersedes date	09/09/2019

The information contained within this document is presented in good faith and is believed to be correct. West and Senior Limited makes no representation as to the accuracy and/or completeness of this information. This information is issued on the condition that the user will determine the safety and suitability of products for their purposes prior to use. All technical details and values presented are deemed typical and do not constitute a delivery specification.
