## 

## PY YELLOW BS10E55 PIGMENT

According to Regulation (EC) No 1907/2006, Annex II, as amended by Regulation (EU) No 453/2010

SECTION 1: Identification of the substance/mixture and of the company/undertaking				
1.1. Product identifier				
Product name	PY YELLOW BS10E55 PIGMENT			
Product number	WS40044A			
1.2. Relevant identified uses of the substance or mixture and uses advised against				
Identified uses	COLOURING OF POLYESTER RESINS & GELCOATS.			
1.3. Details of the supplier of the safety data sheet				
Supplier	WEST AND SENIOR LIMITED. MILLTOWN STREET RADCLIFFE MANCHESTER. M26 1WE. TEL + 44 01617247131 FAX + 44 01617249519 info@westsenior.co.uk			
1.4. Emergency telephone number				
Emergency telephone	24 HOUR EMERGENCY TELEPHONE NUMBER : + 44 (0) 7930 595916			
SECTION 2: Hazards identification				
2.1. Classification of the sub	ostance or mixture			
Classification (EC 1272/200	<u>8)</u>			
Physical hazards	Not Classified			
Health hazards	Not Classified			
Environmental hazards	Not Classified			
Environmental 2.2. Label elements	The product is not expected to be hazardous to the environment.			
Hazard statements	NC Not Classified			
Supplemental label information	EUH211 Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.			
2.3. Other hazards				

This product does not contain any substances classified as PBT or vPvB.

#### **SECTION 3: Composition/information on ingredients**

#### 3.2. Mixtures

BARIUM SULPHATE			5-10%
CAS number: 7727-43-7	EC number: 231-784-4	REACH registration number: 01- 2119491274-35-0001	
Classification Not Classified			
TITANIUM DIOXIDE			1-5%
CAS number: 13463-67-7	EC number: 236-675-5	REACH registration number: 01- 2119489379-17-0000	
Classification			

 Composition comments
 This mixture contains ≥ 1% Titanium Dioxide (CAS 13463-67-7) The Annex VI classification of Titanium Dioxide does not apply to this mixture according to its Note 10. No other disclosure required under the latest EC Directives

#### **SECTION 4: First aid measures**

4.1. Description of first aid me	pasures		
General information	No specific recommendations. If in doubt, get medical attention promptly.		
Inhalation	Move affected person to fresh air at once. Get medical attention if any discomfort continues.		
Ingestion	Never give anything by mouth to an unconscious person. Do not induce vomiting. Rinse mouth thoroughly with water. Give plenty of water to drink. Get medical attention if any discomfort continues.		
Skin contact	Remove affected person from source of contamination. Get medical attention if irritation persists after washing.		
Eye contact	Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.		
4.2. Most important symptoms	s and effects, both acute and delayed		
General information	Get medical attention if any discomfort continues.		
Inhalation	No specific symptoms known.		
Ingestion	No specific symptoms known.		
Skin contact	No specific symptoms known.		
Eye contact	No specific symptoms known.		
4.3. Indication of any immedia	te medical attention and special treatment needed		
Notes for the doctor	No specific recommendations.		
SECTION 5: Firefighting mea	sures		
5.1. Extinguishing media			
Suitable extinguishing media	The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.		
llesuitable suite suisbies	De met vers verten ist en en die misken en die villen en date fins		

**Unsuitable extinguishing** Do not use water jet as an extinguisher, as this will spread the fire. **media** 

5.2. Special hazards arising from	om the substance or mixture				
Specific hazards	No unusual fire or explosion hazards noted.				
Hazardous combustion products	Heating may generate flammable vapours. Vapours may form explosive mixtures with air.				
5.3. Advice for firefighters					
Protective actions during firefighting	No specific firefighting precautions known.				
Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.				
SECTION 6: Accidental release	se measures				
6.1. Personal precautions, pro	tective equipment and emergency procedures				
Personal precautions	Avoid heat, flames and other sources of ignition. Provide adequate ventilation.				
6.2. Environmental precaution	<u>s</u>				
Environmental precautions	Avoid the spillage or runoff entering drains, sewers or watercourses.				
6.3. Methods and material for	containment and cleaning up				
Methods for cleaning up	Stop leak if possible without risk. Absorb in vermiculite, dry sand or earth and place into containers. Avoid the spillage or runoff entering drains, sewers or watercourses.				
6.4. Reference to other section	ns				
Reference to other sections	For waste disposal, see section 13.				
SECTION 7: Handling and sto	rage				
7.1. Precautions for safe hand	ling				
Usage precautions	Wear suitable protective equipment for prolonged exposure and/or high concentrations of vapours, spray or mist. Take precautionary measures against static discharges. Contaminated rags and cloths must be put in fireproof containers for disposal.				
7.2. Conditions for safe storag	e, including any incompatibilities				
Storage precautions	Store in tightly-closed, original container in a dry, cool and well-ventilated place. Keep separate from food, feedstuffs, fertilisers and other sensitive material.				
7.3. Specific end use(s)					
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.				
SECTION 8: Exposure control	s/Personal protection				
8.1. Control parameters					
Occupational exposure limits					
BARIUM SULPHATE					
Long-term exposure limit (8-hour TWA): 4 mg/m³ respirable dust Long-term exposure limit (8-hour TWA): 10 mg/m³ inhalable dust					

#### TITANIUM DIOXIDE

EH40 WEL, Time Weighted Average (TWA):, Inhalable dust. 10 mg/m3, 8 h EH40 WEL, Time Weighted Average (TWA):, Respirable dust. 4 mg/m3, 8 h

#### C.I. PIGMENT YELLOW 42

Long-term exposure limit (8-hour TWA): 5 mg/m<sup>3</sup>, Iron. fume Short-term exposure limit (15-minute): 10 mg/m<sup>3</sup>, Iron. fume

ngredient comments No exposure limits known for ingredient(s).		
	BARIUM SULPHATE (CAS: 7727-43-7)	
DNEL	Workers - Inhalation; Long term systemic effects: 10 mg/m³ Workers - Inhalation; Long term local effects: 10 mg/m³ Consumer - Inhalation; Long term systemic effects: 10 mg/m³ Consumer - Oral; Long term systemic effects: 13000 mg/kg	
PNEC	Fresh water; 115 μg/l STP; 62.2 mg/l Sediment (Freshwater); 600.4 mg/kg Soil; 207.7 mg/kg	
	TITANIUM DIOXIDE (CAS: 13463-67-7)	
DNEL	Workers - Inhalation; Long term local effects: 10 mg/m³ Professional - Inhalation; Long term local effects: 10 mg/m³ Consumer - Oral; Long term systemic effects: 700 mg/kg/day	
PNEC	marine water; 0.0184 mg/l Fresh water; 0.184 mg/l Intermittent release; 0.193 mg/l STP; 100 mg/l Sediment, marine water; 100 mg/kg Sediment, Fresh water; 1000 mg/kg Soil; 100 mg/kg C.I. PIGMENT YELLOW 42 (CAS: 51274-00-1)	
DNEL	Workers - Inhalation; Long term local effects: 10 mg/cm <sup>2</sup>	
	Trimethylolpropane (CAS: 77-99-6)	
DNEL	Workers - Inhalation; Long term systemic effects: 3.3 mg/m <sup>3</sup> Workers - Dermal; Long term systemic effects: 0.94 mg/kg Consumer - Inhalation; Long term systemic effects: 0.58 mg/m <sup>3</sup> Consumer - Dermal; Long term systemic effects: 0.34 mg/kg Consumer - Oral; Long term systemic effects: 0.34 mg/kg	
8.2. Exposure controls		
Protective equipment		
Appropriate engineering controls	No specific ventilation requirements.	
Eye/face protection	Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. The following protection should be worn: Chemical splash goggles or face shield.	
Hand protection	Chemical-resistant, impervious gloves complying with an approved standard should be worn if	

a risk assessment indicates skin contact is possible.

Other skin and body protection	Wear appropriate clothing to prevent any possibility of skin contact.
Hygiene measures	Do not smoke in work area. Wash at the end of each work shift and before eating, smoking and using the toilet. Wash promptly if skin becomes contaminated. Promptly remove any clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin.

#### **SECTION 9: Physical and chemical properties**

-			
9.1. Information on basic physical and chemical properties			
Appearance	Viscous liquid. or Coloured paste.		
Colour	Various colours.		
Odour	Aromatic.		
Odour threshold	No information available.		
рН	No information available.		
Melting point	No information available.		
Initial boiling point and range	No information available.		
Flash point	>65°C		
Evaporation rate	No information available.		
Evaporation factor	No information available.		
Flammability (solid, gas)	No information available.		
Upper/lower flammability or explosive limits	No information available.		
Other flammability	No information available.		
Vapour pressure	No information available.		
Vapour density	No information available.		
Relative density	No information available.		
Bulk density	No information available.		
Solubility(ies)	Organic solvents. Insoluble in water.		
Partition coefficient	Not available.		
Auto-ignition temperature	No information available.		
Decomposition Temperature	No information available.		
Viscosity	No information available.		
Explosive properties	No information available.		
Explosive under the influence of a flame	No		
Oxidising properties	Not available.		
Comments	No information available.		
9.2. Other information			
Other information	No information required.		

10.3. Possibility of hazardous reactions       No potentially hazardous reactions known.         Possibility of hazardous reactions       No potentially hazardous reactions known.         10.4. Conditions to avoid       Avoid excessive heat for prolonged periods of time. Avoid heat, flames and other sources of ignition.         10.5. Incompatible materials       Materials to avoid       No information available.         10.6. Hazardous decomposition products       Thermal decomposition may lead to formation of a multiplicity of compounds some of which may be hazardous. With incomplete combustion smoke and hazardous fumes and gases , including carbon monoxide, may be formed.         SECTION 11: Toxicological information       Not classified.         Acute toxicity - oral Notes (oral LDss)       Not relevant.         Acute toxicity - dermal       Not relevant.         Acute toxicity - inhalation       Not relevant.				
Reactivity         There are no known reactivity hazards associated with this product.           10.2. Chemical stability         Stable at normal ambient temperatures.           10.3. Possibility of hazardous reactions         No potentially hazardous reactions known.           Possibility of hazardous and the stable at normal ambient temperatures.         No potentially hazardous reactions known.           10.4. Conditions to avoid         Avoid excessive heat for prolonged periods of time. Avoid heat, flames and other sources of ignition.           10.5. Incompatible materials         Materials to avoid         No information available.           10.6. Hazardous decomposition products         Hazardous decomposition products           Hazardous decomposition products         Thermal decomposition may lead to formation of a multiplicity of compounds some of which may be hazardous. With incomplete combustion smoke and hazardous fumes and gases , including carbon monoxide, may be formed.           SECTION 11: Toxicological effects         Not relevant.           Toxicological effects         Not relevant.           Acute toxicity - inhulation LGw)         Not relevant.           Acute toxicity - inhulation LGw	SECTION 10: Stability and rea	ictivity		
10.2. Chemical stability       Stable at normal ambient temperatures.         10.3. Possibility of hazardous       >>>>>>>>>>>>>>>>>>>>>>>>>>>>>>				
Stability       Stable at normal ambient temperatures.         10.3. Possibility of hazardous reactions       No potentially hazardous reactions known.         Possibility of hazardous reactions       No potentially hazardous reactions known.         10.4. Conditions to avoid       Avoid excessive heat for prolonged periods of time. Avoid heat, flames and other sources of ignition.         10.5. Incompatible materials       Materials to avoid       No information available.         10.6. Hazardous decomposition products       Thermal decomposition may lead to formation of a multiplicity of compounds some of which may be hazardous. With incomplete combustion smoke and hazardous fumes and gases , including carbon monoxide, may be formed.         SECTION 11: Toxicological information       11.1. Information on toxicological effects         Toxicological effects       Not relevant.         Acute toxicity - ormal       Not relevant.         Acute toxicity - demail       Not relevant. Bioaccumulative potential       There are no data on the degradability of this product.         12.3. Bioaccumulative	10.6. Hazardous decompositio	on products		
11.1. Information on toxicological effects         Toxicological effects       Not classified.         Acute toxicity - oral       Not relevant.         Notes (oral LD <sub>so</sub> )       Not relevant.         Acute toxicity - dermal       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute and chronic health       No specific health hazards known.         Azards       Not regarded as dangerous for the environment.         21.1. Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Partition coefficient         Partition coefficient       Not available.	•	Thermal decomposition may lead to formation of a multiplicity of compounds some of which may be hazardous. With incomplete combustion smoke and hazardous fumes and gases ,		
Toxicological effects       Not classified.         Acute toxicity - oral       Not relevant.         Notes (oral LDss)       Not relevant.         Acute toxicity - dermal       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute and chronic health       No specific health hazards known.         hazards       No specific health hazards known.         SECTION 12: Ecological information       Not regarded as dangerous for the environment.         12.1. Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Not available.	SECTION 11: Toxicological information			
Acute toxicity - oral       Not relevant.         Acute toxicity - dermal       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute toxicity - inhalation       Not relevant.         Acute and chronic health       No specific health hazards known.         Acute and chronic health       No specific health hazards known.         Acute and chronic health       No specific health hazards known.         SECTION 12: Ecological information       Not regarded as dangerous for the environment.         12.1. Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Not available.	11.1. Information on toxicologi	cal effects		
Notes (oral LD <sub>so</sub> )       Not relevant.         Acute toxicity - dermal Notes (dermal LD <sub>so</sub> )       Not relevant.         Acute toxicity - inhalation Notes (inhalation LC <sub>so</sub> )       Not relevant.         Acute and chronic health hazards       No specific health hazards known.         Beach       No specific health hazards known.         Acute and chronic health hazards       No specific health hazards known.         SECTION 12: Ecological information       Ecotoxicity         Not regarded as dangerous for the environment.       12.1. Toxicity         Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Not available.	Toxicological effects	Not classified.		
Notes (dermal LD=o)       Not relevant.         Acute toxicity - inhalation       Not relevant.         Notes (inhalation LC=o)       Not relevant.         Acute and chronic health hazards       No specific health hazards known.         SECTION 12: Ecological information       Not regarded as dangerous for the environment.         12.1. Toxicity       Not considered toxic to fish.         Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       There are no data on the degradability of this product.         Partition coefficient       Not available.	Acute toxicity - oral Notes (oral LD₅₀)	Not relevant.		
Notes (inhalation LCso)       Not relevant.         Acute and chronic health hazards       No specific health hazards known.         hazards       No specific health hazards known.         SECTION 12: Ecological information       Image: Cological information         Ecotoxicity       Not regarded as dangerous for the environment.         12.1. Toxicity       Not considered toxic to fish.         Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Not available.		Not relevant.		
hazards         SECTION 12: Ecological information         Ecotoxicity       Not regarded as dangerous for the environment.         12.1. Toxicity       Not considered toxic to fish.         Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Not available.		Not relevant.		
Ecotoxicity       Not regarded as dangerous for the environment.         12.1. Toxicity       Image: Toxicity         Toxicity       Not considered toxic to fish.         12.2. Persistence and degradability       Image: There are no data on the degradability of this product.         Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Image: There are no data on the degradability of this product.         Partition coefficient       Not available.	Acute and chronic health hazards	No specific health hazards known.		
12.1. ToxicityNot considered toxic to fish.ToxicityNot considered toxic to fish.12.2. Persistence and degradabilityThere are no data on the degradability of this product.Persistence and degradabilityThere are no data on the degradability of this product.12.3. Bioaccumulative potentialNot available.	SECTION 12: Ecological inform	nation		
ToxicityNot considered toxic to fish.12.2. Persistence and degradabilityPersistence and degradabilityPersistence and degradabilityThere are no data on the degradability of this product.12.3. Bioaccumulative potentialNot available.	Ecotoxicity	Not regarded as dangerous for the environment.		
12.2. Persistence and degradability         Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential         Partition coefficient       Not available.	12.1. Toxicity			
Persistence and degradability       There are no data on the degradability of this product.         12.3. Bioaccumulative potential       Partition coefficient         Not available.       Not available.	Toxicity	Not considered toxic to fish.		
12.3. Bioaccumulative potential         Partition coefficient         Not available.	12.2. Persistence and degrada	ability		
Partition coefficient Not available.	Persistence and degradability	There are no data on the degradability of this product.		
	12.3. Bioaccumulative potentia			
12.4. Mobility in soil	Partition coefficient	Not available.		
	12.4. Mobility in soil			

84 - 1-1114 -				
Mobility	No information available.			
12.5. Results of PBT and vPv				
Results of PBT and vPvB assessment	No information available.			
12.6. Other adverse effects				
Other adverse effects	None known.			
SECTION 13: Disposal consid	derations			
13.1. Waste treatment method	ds			
Disposal methods	Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. Empty containers should be taken to an approved waste handling site for recycling or disposal.			
SECTION 14: Transport inform	mation			
General	The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).			
14.1. UN number				
Not applicable.				
14.2. UN proper shipping nam				
Not applicable.				
14.3. Transport hazard class(	es)			
Not applicable.				
14.4. Packing group				
Not applicable.				
14.5. Environmental hazards				
Environmentally hazardous so No.	ubstance/marine pollutant			
14.6. Special precautions for	user			
Not applicable.				
14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code				
Transport in bulk according to Not relevant. Annex II of MARPOL 73/78 and the IBC Code				
SECTION 15: Regulatory information				
15.1. Safety, health and envir	onmental regulations/legislation specific for the substance or mixture			
National regulations	Control of Substances Hazardous to Health Regulations 2002 (as amended).			

EU legislation	Commission Regulation (EU) 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments. Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 with amendments.
Guidance	A guide to local exhaust ventilation (LEV) HSG258 (as ammended) Workplace Exposure Limits EH40.

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

SECTION 16: Other information			
Revision date	07/01/2022		
Revision	5		
Supersedes date	20/03/2019		
SDS number	40073
