

Product Description

Menzerna Gelcoat Premium One-Step Polish uses the latest polishing technology to deliver the highest polishing results while saving time. It polishes and creates a high gloss in just one step, making it extremely time-saving. Gelcoat Premium One-Step-Polish is specialized for marine applications, especially for light and dark gelcoat.

Cut:									8		
Gloss:									8		

Color:	White
Density:	1,1 kg/l
Storage:	5-30 °C, avoid frost and direct sunlight
Usage:	Rotative, exccentric
Recommended cutting speed:	800-1500 rpm
Maximum grinding removal	-
Pad Empfehlung:	-

Recommended buff types:

- Premium Lambswool Pad
- Orbital Wool Pad
- Heavy Cut Foam Pad
- Standard Pad Hard
- crater-shaped Lambswool Pad

Recommended Usage

1.	Clean the surface thoroughly.
2.	Shake the bottle and apply 3 (ø95 mm) to 7 (ø180 mm) pea-sized drops of polish to the polishing pad or lambskin, depending on the pad size. Use lambskin pads for heavier wear.
3.	Work in a crisscross motion. Apply strong, even pressure while polishing and advance the product at a constant, low speed. Polish each small area completely, then move on to the next small area completely.
4.	The polish is finished when only a slightly transparent or oily film is visible.
5.	Remove polish residue with a microfiber cloth
6.	To further enhance the surface's shine, you can apply the product or Gelcoat Premium Gloss a second time. In both cases, the Menzerna Soft Cut Foam Pad should be used during this step.

The Menzerna-System

	1. Heavy Cut	2. Medium Cut	3. Finish	4. Protection
Premium System	Premium One Step Polish		Premium Gloss	Premium Protection

Packaging

Bottle, plastic, 250 ml	24016.281.080
Bottle, plastic, 1 Liter	24016.261.080
Further container upon request
